smartSCMD-DUO

Cloud compatible Web-based Access Management and Time Attendance software

smartCOMMANDCONTROL is a web based access Management software especially designed to cater small, medium and large organizations. The software has very user friendly modular interface that is easy to operate with rich in functionality and also provides comprehensive various useful reports. Software has various other functions like Device configuration, masters, leave management, shift management, over time calculation, outdoor entry, late entry calculation, compensatory off etc.

Key Highlights

Attendance Anytime anywhere: Software can be access from anywhere anytime through internet.

Online Employee self Service: Using Browser, employee can view their attendance & can apply for leave/manual punch/tour entry/outdoor entry Via internet with their login ID & password. Same way manager can online approve all application sent by employee.

Integrated HRMS, Payroll and Work Force Management Module: Separate integrated module of HRMS, Payroll and Work force management software for overall manpower operation and efficiency management.

Email & SMS notification: Email and SMS notification can be sent for any configured process i.e. Leave application/Approval, manual punch application/approval, tour entry application/approval, etc.

Comprehensive Attendance Policy: Time attendance rules and policies are varying from company to company.The feature permits the administrator to define various policies as per requirement of the organization for late coming, early going, continues absent, Overtime, Compensatory off, outdoor entry, etc.

Complete Online Leave Management: Every organization has their set of rules regarding leaves. HR can define various types of leave codes like PL, CL, SL, and EL with description.HR can define various rules e.g. leave accumulation. HR can set the opening leave opening balance for every user; at the end of the financial year leave can be forwarded to new financial year.

Shift Management: (Effective Work force management) Work force management gets very easy with shift roster. Employee can be scheduled in various shift on the base work force required in various time. Shift patterns completely depend on organization cultures. It varies from company to company or, sector to sector. Admin can define different type of shifts as per requirement. It is very difficult for a manager to manage workforce manually, we have considered those difficulties in our software so manager can smoothly manage their workforce through various features available i.e. Shift Roaster, Auto shift, night shift.

Useful MIS Reports: Software has various reports which is very useful for any organizations i.e. Late coming, early going, continues absentee/late coming/early going, effective work hour, Overtime (Individual /department wise), monthly employee, etc.

Device Management: It provides a user friendly interface to manage the Access and time attendance devices.All configurations of devices can be done through central software. Itdownloads the data scheduled/automaticallyand processes the data for generating various access and attendance related reports.

Feature List:-

Architecture:

- Cloud Compatible
- Multi Company
- Multi location/Department
- Multi login users with rights
- Audit trail log (History)

Dashboard

- User level Dashboard
- Inclusive summary on dashboard
- Latest data display on dashboard
- Pending Request Summary
- Leave summary on Dash board
- Employee count as per login rights

Employee Management

- Configurable Employee Hierarchy
- Multiple employee categories
- Employee Type
- Employee status
- Employee photograph with other details

Attendance Management

- Overtime Parameters
- Overtime Approval
- Late/Early count deduction
- Manual Entry
- Compensatory off
- Condone Entry
- Tour Entry
- Outdoor Entry
- Selectable controller for T/A swipes

Leave Management

- Leave Rules
- Leave Definition
- Leave Balance
- Leave Carry Forward
- Leave Opening Balance
- Leave Application/Approval

Shift Management

- Auto shift
- Night shift
- Shift rotation
- Advance shift scheduling

Access Management

- Time Zone (with Free time zone)
- Time Zone Synchronization
- Time slot
- Access level
- Access Level Group
- Holiday restriction (Reader Wise)
- Blacklist of employee
- Configurable delay time for two successive punch from same
- Controller communication status
- Centralize fingerprint Template Management
- Bulk upload of cards
- Controller Reset command
- Door Open Time Configuration
- Facility Code supported
- Audit log
- Central Date & time Synchronization
- User wise Latest swipe display
- Controller wise Latest swipe display

Anti passback

- APB Enable/Disable
- Hard APB
- Soft APB
- User wise
- Door wise

Database Management

- MS·SQL Server 2014 or, Higher
- Database backup
- Excel sheet Import for masters data

Masters

- Employee
- Company
- Locations
- Controllers
- Readers
- Department
- Designation
- Holiday
- Category

Access Report

- Monthly Access Report
- Employee activity status
- Employee master – Access
- Event Report
- Unknown Transaction report
- First in last out
- IO Entry

Attendance Report

- Present/Absent Report Full/Half Day
- On Duty Report Full/Half Day
- On Leave Report Full/half Day
- Employee monthly attendance report
- Monthly Excel report

Report Format

- PDF & Excel

Software Pre-re

- Windows 10 all version with 32 & 64 bit support
- Processor: Core 2 duo with 2.6 Ghz or equivalent
- 4 GB ram or maximum
- 250GB/500 GB HDD
- SQL server,2005,2008,2008R2
- MS Office 2010
- Net Framework 4.0
- IIS 7
- Windows installer 3.5
- Static IP (If S/W should accessible from outside of lan)

Integration

- Third Party Payroll
- SAP/ERP/HRMS
- VMS

PRODUCT SELECTION GUIDE

Model No	Description
SCMD-DUO-100U	Smart I Command Control Software DUO for 100 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-250U	Smart I Command Control Software DUO for 250 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-500U	Smart I Command Control Software DUO for 500 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-750U	Smart I Command Control Software DUO for 750 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-1000U	Smart I Command Control Software DUO for 1000 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-2000U	Smart I Command Control Software DUO for 2000 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-3000U	Smart I Command Control Software DUO for 3000 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-4000U	Smart I Command Control Software DUO for 4000 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-5000U	Smart I Command Control Software DUO for 5000 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-10000U	Smart I Command Control Software DUO for 10000 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-15000U	Smart I Command Control Software DUO for 15000 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-25000U	Smart I Command Control Software DUO for 25000 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-50000U	Smart I Command Control Software DUO for 50000 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-75000U	Smart I Command Control Software DUO for 75000 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
SCMD-DUO-100000U	Smart I Command Control Software DUO for100000 users with smartCOMMAND, smartESS (Employee Self Service module) ,smartACCESS (Advance Access Management Module) & smartATTENDANCE Module (Advance Attendance Management Module)
